

PRO RADIAN™

Performance Engineered for Radial Sails.

➔ *Designed for radial cut sails from 28 to 48 feet*

Radian™ is a patented, warp oriented woven polyester. These constructions are extremely dense with a unique fill yarn that conforms completely around the high-tenacity warp fibers, leaving them uncrimped. This results in a very efficient warp response to sail loading which combined with tri-radial panel orientation provides excellent shape retention, durability and very good UV resistance.

These features in conjunction with minimal risk of mildew make Radian™ an excellent choice for the performance minded cruiser and club racer.

APPLICATIONS PRO RADIAN™

BOAT LENGTH		MAINSAIL		HEADSAIL	
IN FT	IN M	MULTIHULL	MONOHULL	100% FURLING	135% FURLING
± 28	± 8	6.0	5.2	6.0	5.2
± 32	± 10	7.5	6.0	7.5	6.0
± 36	± 11	8.1	7.5	8.1	7.5
± 40	± 12	9.0	8.1	9.0	8.1
± 44	± 13	-	9.0	9.0	9.0
± 48	± 14	-	-	-	9.0
