

APEN RACING ONE DESIGN LAMINATES

ZigZag reinforced Pen Laminate for the racing sailor

➔ *Designed for radial cut sails*

Contender PEN Racing laminate is a favourite among racing sailors from club to international and Olympic level. Our Apen Racing laminates made with ZigZag yarn technology enable you to have a sail made of radial panels that matches the modern rigging of your dinghy or yacht. The result is fast and durable sails that have proved themselves time and again on the racecourse, thanks to their wide trimming range and the great durability. Our ZigZag fiber layout ensures efficient support and distribution of the loads over the radial panels in your sail. The effect of this fiber layout is to reduce the load on the Mylar film, helping the sail to retain its shape longer. Thanks to continuous innovation in collaboration with sailmakers and yachtsmen throughout the world, we have successfully developed a technologically sophisticated range of laminated sailcloths that meet the highest demands of modern sail design.

APEN Racing One Design Laminates

APEN 06 OD has 3.0 mil film thickness and is designed for demanding One Design applications such as the Olympic Nacra 17 catamaran. The APEN 06 OD is available in Clear and Smoke. The Apen 06 with 1.5 mil film is available in clear only.
