

ZZ JET BLACK ARAMID LAMINATES

ZigZag reinforced aramid laminate for the racing sailor

➔ *Designed for radial cut from 24 to 40 feet*

Contender Racing laminates are favourites among racing sailors from club to international level. Our ZZ Black Aramid Laminates made with ZigZag yarn technology enable you to have a sail made of radial panels that matches the modern rigging of your dinghy or racing yacht. The result is fast and durable sails that have proved themselves time and again on the racecourse, thanks to their wide trimming range and the great durability.

Our ZigZag fiber layout ensures efficient support and distribution of the loads over the radial panels in your sail. The effect of this fiber layout is to reduce the load on the Mylar film, helping the sail to retain its shape longer.

Thanks to continuous innovation in collaboration with sailmakers and yachtsmen throughout the world, we have successfully developed a technologically sophisticated range of laminated sailcloths that meet the highest demands of modern sail design.
